

MOP DOMESTIC SUBMERSIBLE PUMP

Performance Table

Model	Power		Voltage	Rotation	Q m ³ /h	Flowrate in m ³ /h										
	W	HP	V	P/rmp		0	1	2	3	4	5	6	7	8	9	10
MOP100	100	1/8	220	2P/2850	H m	Total Head in Meters										
MOP250	250	1/3	220	2P/2850		9	8.2	7.4	6.3	5	3.6	2	-	-	-	-
						10.8	10.3	9.7	9	8.3	7.2	6	4.8	3.2	1.2	-

MOP Pump Performance Curve

Features

- Adopt Italian mechanical seal
- The motor is equipped with overheating protection device to provide automatic protection
- In-built float switch for dry run protection and auto start / stop pump operation
- Max head: 9~11m, low power

Applications

Suitable for general water supply and drainage, horticultural landscape water, fishpond water circulation, small area water discharge.
